## ABOUT THE NUMBERS IN THIS REPORT

Numbers in this report cover the 12-month period ending December 31, 2018. Community Impact is estimated by using state specific multipliers as defined by poultry industry economic impact data.

## WE BELIEVE IN RESPONSIBLE FOOD AND AGRICULTURE

Our approach to corporate responsibility is summed up in the phrase: We believe in responsible food and agriculture. That philosophy supports our Corporate Vision: “To be the most trusted name in food and agricultural products.” Our belief in responsible food and agriculture plays out in our relationships with all of our constituents, and encompasses our commitment to being a leader in quality, food safety, environmental stewardship, animal welfare, community involvement, associate well-being and strengthening agriculture.

- We believe in responsibly producing safe, high quality, affordable food and agricultural products for customers and consumers worldwide.
- We believe in responsibly helping customers prosper with flexible, forward-thinking solutions for agriculturally based products from a uniquely trusted name.
- We believe in being responsible stewards of our natural resources.
- We believe in responsibly raising animals for food.
- We believe in being a responsible employer, investing in our associates’ growth, safety and well-being.
- We believe in supporting the communities where and with whom we do business.
- We believe in working to enable the economic sustainability of our partners and our company.

## A FOUNDATION FOR COMMUNITY SUPPORT

Company founder Arthur W. Perdue recognized the importance of supporting our communities back in 1957, when the Franklin P. and Arthur W. Perdue Foundation was first established. Carrying on the tradition, Frank Perdue provided for the future of the Foundation through the generous support of his estate. The Foundation provides grants on behalf of Perdue Farms to benefit communities where large numbers of our associates live and work.

In 2018, the Franklin P. and Arthur W. Perdue Foundation awarded grants totaling more than \$1.5 million to 101 non-profit organizations to improve the communities where our associates live and work.

## SUPPORTING OUR COMMUNITIES

Our corporate giving is guided by the belief that we can make the most difference by supporting our communities through a grassroots contributions program and the volunteer efforts of our associates. We strive to strengthen our communities by supporting education, agriculture, food safety, environmental sustainability, health and social services, public safety, youth programs and fighting hunger and poverty. We also support events that celebrate the heritages and cultures of our communities.

Monetary contributions are managed through two programs. Each major Perdue location has discretionary funds to support local charitable programs where large numbers of our associates live and work, while the Franklin P. and Arthur W. Perdue Foundation underwrites larger grants. In both programs, we believe in putting our resources where there is direct benefit to a broad spectrum of the community.

## FIGHTING HUNGER

We believe that in a country as rich in resources as ours, no one should have to go hungry. That is why Perdue partners with Feeding America and its network of community food banks and pantries to ensure the safe and effective distribution of our product donations. We are committed to making a minimum annual donation to Feeding America of one million pounds or \$2 million worth of food.

Since 2000, Perdue has donated more than 75 million pounds of poultry products nationwide through Feeding America.

*Franklin P. & Arthur W. Perdue Foundation*

# OUR COMPANY AT A GLANCE

## PERDUE FARMS

We're a fourth-generation, family owned, U.S. food and agriculture company. Through our belief in responsible food and agriculture, we are empowering consumers, customers and farmers through trusted choices in products and services.

The PERDUE® brand is the number-one brand of fresh chicken in the U.S., we're the largest producer of organic chicken in the U.S., and Perdue AgriBusiness is an international agricultural products and services company. As we approach our 100th anniversary in 2020, our path forward is about getting better, not just bigger. We never use drugs for growth promotion in raising poultry and livestock, and we are actively advancing our animal welfare programs. Our brands are leaders in no-antibiotics-ever chicken, turkey and pork, and in USDA-certified organic chicken. Learn more at [www.perduefarms.com](http://www.perduefarms.com).

## PERDUE FOODS

Perdue Foods vision is to be the most-trusted name in premium proteins. We raise animals for food sold under our PERDUE®, PERDUE SIMPLY SMART®, PERDUE HARVESTLAND®, COLEMAN NATURAL®, COLEMAN ORGANIC®, ROCKY®, ROSIE®, RANGER®, DRAPERY VALLEY FARMS®, NIMAN RANCH® and customer brands make us a leader in all vegetarian-fed, no-antibiotics-ever chicken, turkey and pork, USDA certified organic chickens and animal care. We serve retail and foodservice customers across the U.S. and around the globe. Through the SPOT FARMS® and FULL MOON® brands, we make premium pet treats and pet foods made in the USA using "human-grade" ingredients with no fillers or animal byproducts.

## PERDUE AGRIBUSINESS

Perdue AgriBusiness is an international agricultural products and services company. We source, merchandise and process agricultural commodities. Our diverse portfolio of products includes grains, oilseeds, soybean meal, blended feed ingredients and top-quality seed oils for food and other uses. In addition, we provide a full range of farm inputs, including seeds and soil amendments, and services from agronomy to risk management and merchandising. We help our customers and family farmers prosper with flexible, forward-thinking solutions. Our business started as a family farm, and we know our future depends upon continuously earning the trust of farmers and customers. Learn more at [www.perdueagribusiness.com](http://www.perdueagribusiness.com)
