

We Believe In Responsible Food and Agriculture®

PERDUE FARMS AT A GLANCE

PERDUE FARMS is a fourth-generation, family owned U.S. food and agricultural company based in Salisbury, Maryland.

Since our beginning on Arthur and Pearl Perdue’s Farm in 1920, to our expansion into agribusiness and introduction of the PERDUE® brand of chicken under Frank Perdue, and continuing with our third generation of family leadership with Chairman Jim Perdue, we’ve remained family owned and operated.

Now in our second century, our path forward is about getting better, not just bigger. We continue to listen – and respond – to consumers, customers, and other stakeholders, continuously innovating and improving in what we produce and what we do.

We never use drugs for growth promotion in raising poultry and livestock, and we are actively advancing our animal welfare programs. Our brands are leaders in no-antibiotics-ever chicken, turkey, pork, beef, and lamb, and in USDA-certified organic chicken and beef.
