This how-to guide will cover the following topics:

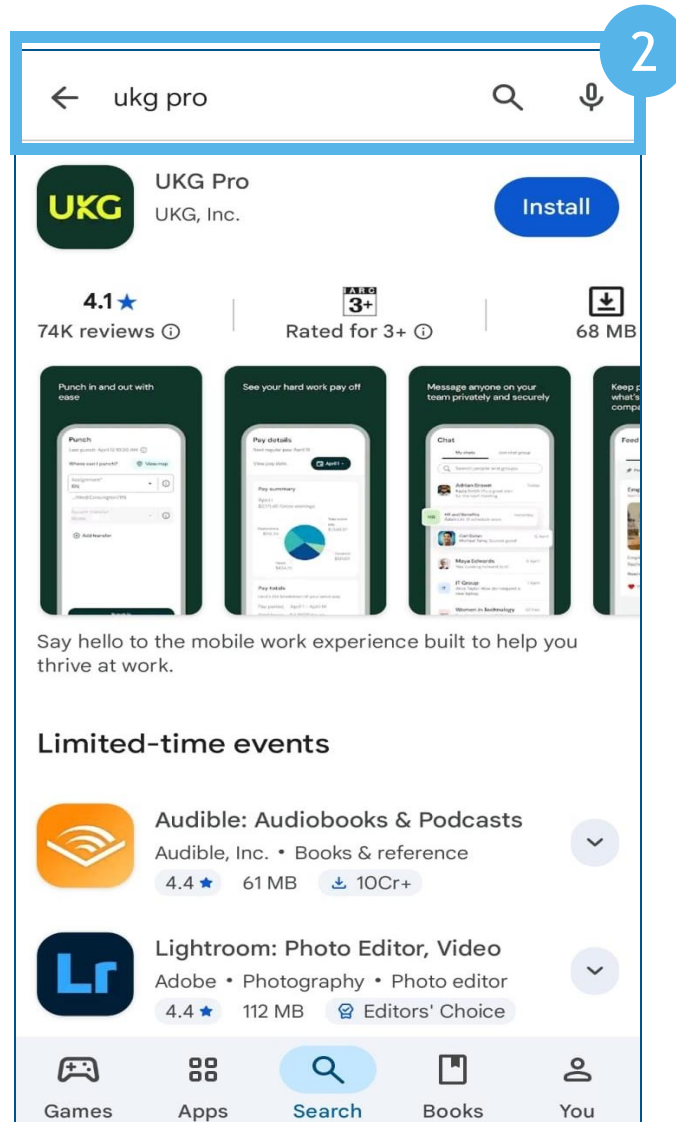

- How to download the mobile app via Google Play Store (Android) & Apple App Store (iPhone)

## How to Download and Log in the Mobile App via Google Play Store (Android)

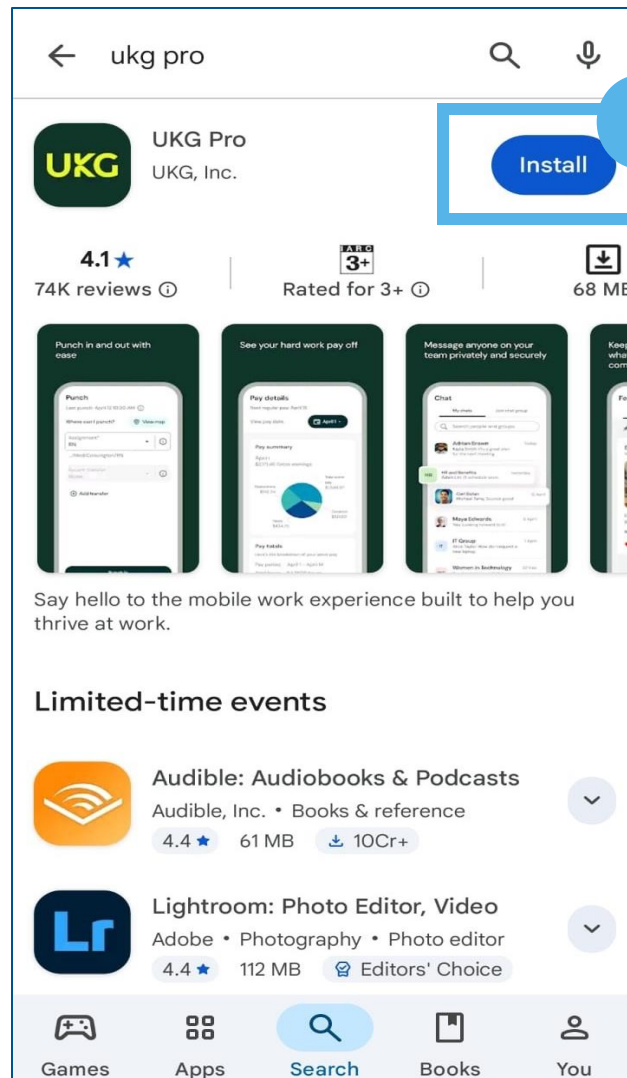

### 1. Open Google Play Store

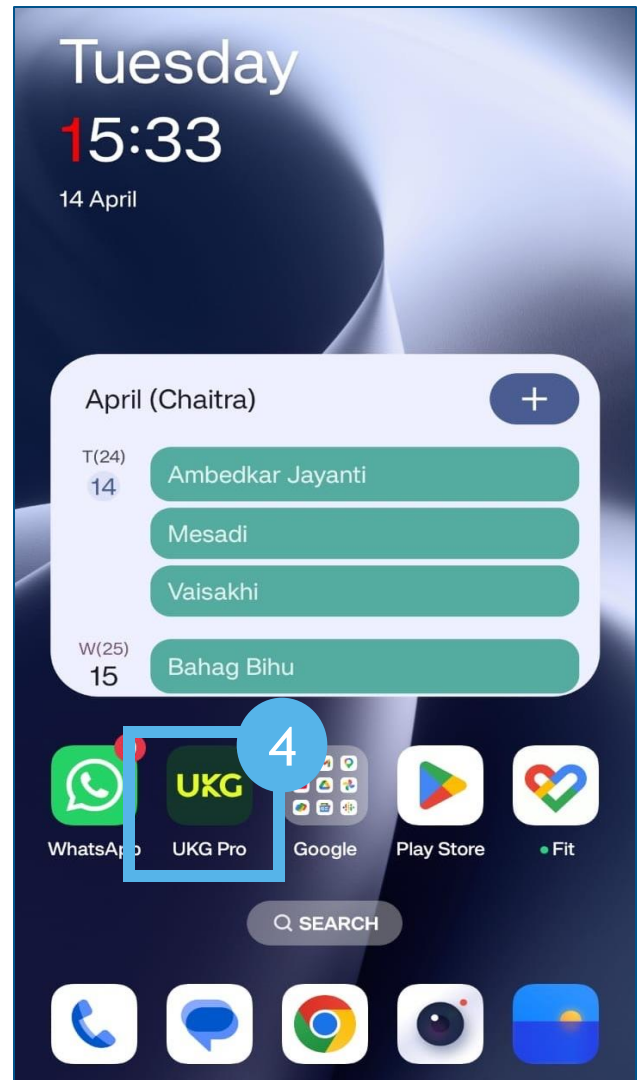

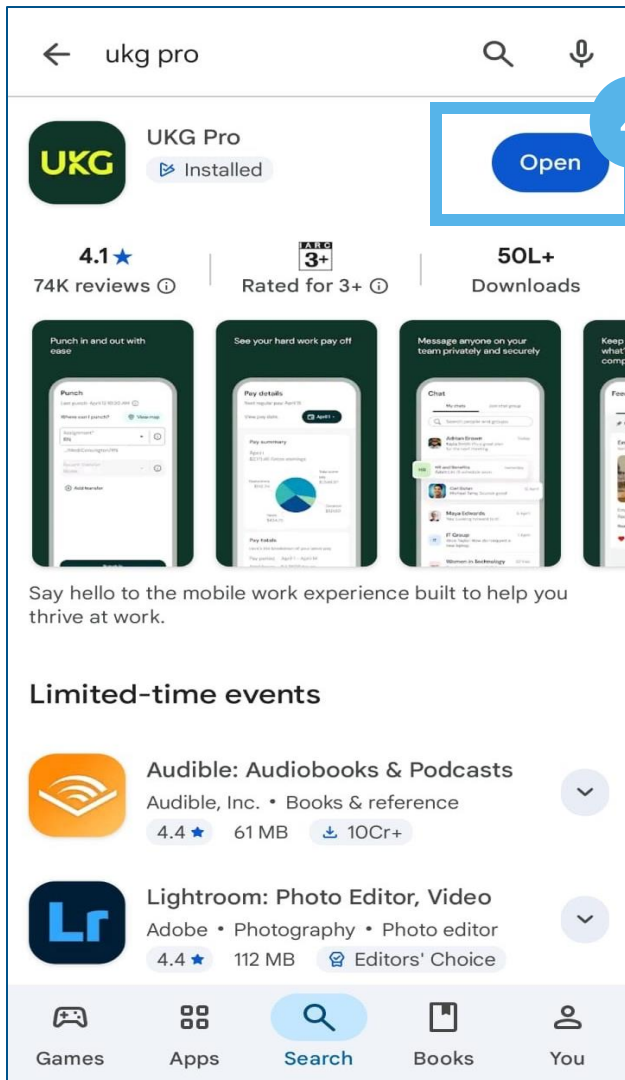

## 2. Type UKG Pro in the search box.

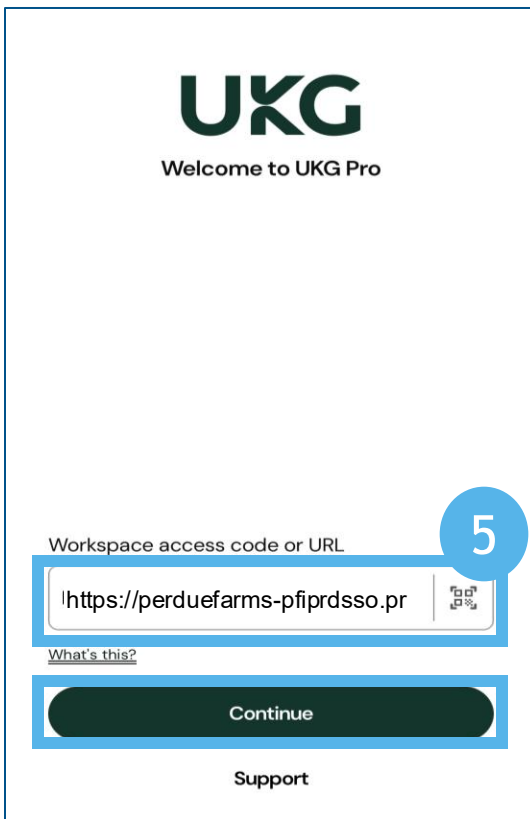

## 3. Select the **Install** button to download the app.

4. Once the **UKG Pro** app is downloaded, select **Open**. You can also access the app from your home screen.

5. Open the mobile app and enter the following URL: <https://perduefarms-pfiprdsso.prd.mykronos.com> in the Workspace access code or URL field, and select Continue.

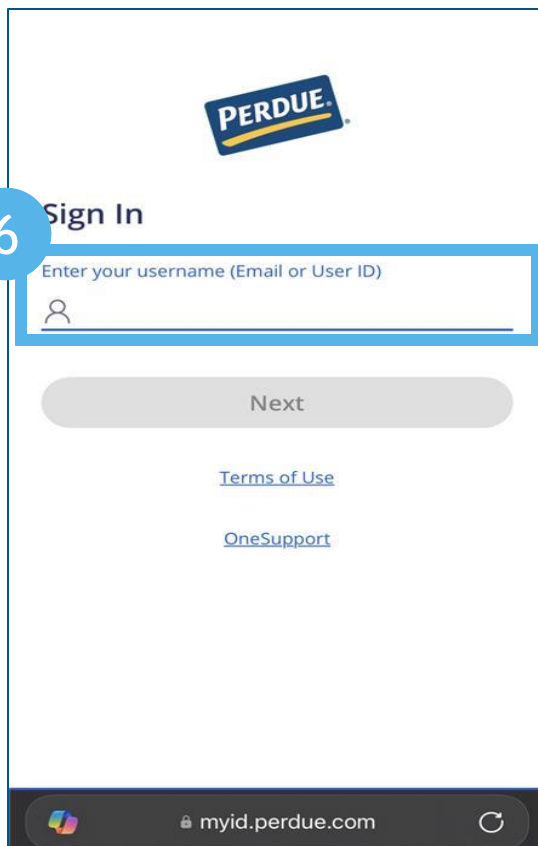

The image shows the UKG Pro mobile app login screen. At the top, the UKG logo is displayed with the text "Welcome to UKG Pro" below it. In the lower section, there is a text input field labeled "Workspace access code or URL". A blue circle with the number "5" is positioned to the right of this field. The input field contains the URL "https://perduefarms-pfiprdsso.pr". Below the input field is a link that says "What's this?". At the bottom of the form is a large green button labeled "Continue". Below the button is a link that says "Support".

## 6. Enter your credentials:

- Username
- Password
